

# Prepayment with Solidarity IT

## IT Support When You Need It

Our prepayment packages provide on-demand services, ensuring you have the support you need, when you need it.

### Support You Need When You Need It

Computer running at a snail's pace? We'll give it an MOT with SERVICE-IT

Annoying error message or something broken? We can FIX-IT

Need new and better functionality? IMPROVE-IT with us

Thinking about a new computer? Let us BUILD-IT

Something more technical? A project?

Check out our brochure for even more services we offer.

For example: Email transfers, CRM imports, and many more.

### Save Money with a Prepaid Package

We recommend reducing your costs with a prepaid support package. Buying hours of support in advance reduces the rate at which the hours are priced.

You can pick how many hours you want to pre-pay

NB: *Most people buy a 10-hour package.*

1-9 hours equivalent to £70 per hour

10-19 hours equivalent to £65 per hour

20+ hours equivalent to £60 per hour

Our support services can also be purchased 'pay as you go' with a flat labour cost of £75 per hour.

**Prepayment:** The IT support you need, just when you need it.
